

New Horizon—the company that pioneered “A Brighter Way to Connect Businesses”—now brings you another way to connect your customers’ businesses.

Introducing **New Horizon** **Wireless**

Talk about bright.

Adding Wireless to your customers’ NHC accounts is easy.

(Plus they’ll realize savings up to 20%.)

You know us as a progressive, reliable service provider of your core voice, data, and Internet services. That’s our heritage, and our promise.

But our vision is to keep improving our model and execution, expanding the vital role we play as a communications utility. So now, on top of the traditional wireline services, **businesses can enjoy our trademark NHC account management and online tools for mobile calling, email, and Internet needs.**

KEY FACTS & BENEFITS:

- Service is provided on the Verizon Wireless network—the best coverage across the U.S.
- Switching is simple & swift no matter who they’re with (Verizon, AT&T, Sprint, etc.)
- We offer an attractive subsidy program for contract buyouts & new equipment purchases
- NHC is the single point-of-contact for all landline & cellular account management, including provisioning & 7/24/365 service
- Wireless account & billing data is accessible online & integrated with existing services through our powerful MAP system
- NHC Wireless plans include: Shared Minutes (across all corporate users), Free Nights & Weekends, Free Mobile-to-Mobile Calls
- Text & Internet/email plans are available—individually tailored to each commercial user
- All of the latest business mobile phones/devices
- Customers keep their mobile phone numbers
