In addition, the following provisions (the first two of which are required by statute) are part of this utility's Terms and Conditions:

1. FOR INTEREXCHANGE SERVICE:

Discount for Hearing-Impaired Customers. Upon customer request, the Company will automatically apply a 70% reduction for intrastate toll calls made from line used by certified deaf, hard-of-hearing or speech-impaired persons who must rely on teletypewriters for residential telephone communications, and others as provided in 35-A M.R.S.A. §7302. To qualify for an automatic reduction, the customer must submit an affidavit to the Company on a form approved by the Maine Department of Human Services, stating that due to one of the aforementioned conditions, the customer or a member of the household must rely on a teletypewriter for telephone communications, and that the equipment is connected or acoustically coupled to his telephone. Upon request, customers making calls to certified persons are eligible for a 70% rate reduction for relevant billed calls made during each billing period.

2. FOR LOCAL EXCHANGE SERVICE:

Enhanced Universal Emergency Number Service - E911 - Surcharge. An Enhanced Universal Emergency Number Service (E911) surcharge, as provided in 25 M.R.S.A. § 2927(1-A), applies per month to each residence and business access line, including PBX trunks, Centrex access lines, semipublic coin lines, and public access lines, in addition to the monthly rates for these lines specified elsewhere in these schedules. The surcharge shall not be imposed upon more than 25 lines per customer billing account.

3. FOR BOTH LOCAL AND INTEREXCHANGE SERVICES:

A surcharge for the Maine Universal Service Fund (MUSF) applies to all intrastate services billed to a retail customer. The surcharge shall not apply to surcharges such as those for Enhanced 911, the Maine Telecommunications Education Access Fund, or similar funds. The surcharge shall be equal to the Revenue Percentage established quarterly by the Administrator of the MUSF.

A surcharge for the Maine Telecommunications Education Access Fund (MTEAF) applies to all intrastate services billed to a retail customer. The surcharge shall not apply to surcharges such as those for Enhanced 911, the Maine Universal Service Fund, or similar funds. The surcharge shall be equal to the percentage of revenues established by the Maine Public Utilities Commission pursuant to Chapter 285, § 2(B) of the Commission's Rules.

Any provisions in these Terms and Conditions that limit liability or damages do not apply to the extent they conflict with 11 M.R.S.A. §2-316(5) of the Maine Revised Statutes, Exclusion or Modification of Warranties.

This utility agrees that it is responsible for complying with all applicable rules of the Maine Public Utilities Commission and with the Maine Revised Statutes. It understands that if it applies or enforces any provision of these Terms and Conditions that is in conflict with a rule of the Maine Public Utilities Commission, or the Maine Revised Statutes, the rule or statute will govern; and the utility may be subject to action by the Consumer Assistance Division of the Maine Public Utilities Commission or an investigation by the Commission pursuant to 35-A M.R.S.A. §1303.

## RATE SCHEDULES

### Prepaid Calling Card Service.

This service permits use of Prepaid Calling Cards for placing long distance calls. Customers may purchase New Horizon Prepaid Calling Cards at a variety of retail outlets or through other distribution channels. New Horizon Prepaid Calling Cards are available at a variety of face values. New Horizon Prepaid Calling Card service is accessed using the New Horizon toll-free number printed on the card. The caller is prompted by an automated voice response system to enter his/her Authorization Code, and then to enter the terminating telephone number. New Horizon's processor tracks the call duration on a real time basis to determine the number of Telecom Units consumed. The total consumed Telecom Units for each call and applicable taxes are deducted from the remaining Telecom Unit balance on the Customer's New Horizon Prepaid Calling Card.

All calls must be charged against Prepaid Calling Card that has a sufficient Telecom Unit balance. A Customer's call will be interrupted with an announcement when the balance is about to be depleted.

When a card is depleted, the Customer can either call the toll-free number on the back of the New Horizon Prepaid Calling Card and "recharge" the balance on the card using a nationally recognized credit card, or the Customer can throw the card away and purchase a new one. Calls in progress will be terminated by the Company if the balance on the New Horizon Prepaid Calling Card is insufficient to continue the call.

### Local Service

The company will provide all local services available for resale, or through UNE-P, including local dial tone, custom calling features such as Caller ID and Call waiting, and directory assistance.
